# Packages Types

## ➤ **Improved Instruction Package**

Assure that teachers are using best practices for rigorous, standards-aligned instruction that is student centered and engaging. Perfect for new and veteran teachers. Packed with new strategies and ideas to reach all learners.

## ➤ **Assessment Package**

Great if you are looking to develop common assessments across grades or within a content area. This package starts with our workshops about creating common assessments and then utilizes work sessions to create common assessments.

## ➤ **English Language Arts Package**

Take a fresh look at the standards with this package that starts with workshops based on the standards. Add demonstration lessons or coaching to your package to assure that instruction is rigorous and standards-aligned.

## ➤ **English Language Arts and Assessment Package**

After taking a fresh look at the standards, take a look at your current assessments to ensure that they are assessing the standards. This package can be tailored to create PARCC-like assessments that assess the standards taught in a given unit.

## ➤ **Mathematics Package**

Take a fresh look at the standards with this package that starts with workshops based on the standards. Add demonstration lessons or coaching to your package to assure that instruction is rigorous and standards-aligned.

## ➤ **Mathematics and Assessment Package**

After taking a fresh look at the standards, take a look at your current assessments to ensure that they are assessing the standards. This package can be tailored to create PARCC-like questions that assess the content taught in a given unit.

## ➤ **In-class Support/Coaching Package**

Have our content area experts work directly with teachers for 10-40 sessions over the course of the school year. Coaching can focus on teaching standards-aligned lessons, student engagement, student-centered learning, or question and discussion techniques.

## ➤ **Curriculum Package**

Does your curriculum need a fresh look? Our content specialists can audit and make recommendations for how to ensure that your curriculum is standards-aligned. We can recommend activities, ELL and Special Education scaffolds, and how to infuse PARCC-preparedness. A great package for summer!

➤ **Curriculum and Improved Instruction Package**

Have our content specialists audit your curriculum and/or support a team to make curricula revisions. We can help you roll out the new curriculum and then coach teachers in the implementation. A great package for summer!

➤ **New Teacher Support Package**

Support your new teachers as they transition from the theoretical to the practical with this package. Inspired Instruction mentors can work with teachers to set up their classrooms, create a classroom management system that is accessible and works, assure that new teachers are well-versed in the standards and PARCC, and are teaching rigorous, standards-aligned lessons.

➤ **Technology Packages**

As we teach digital natives, it is important to teach 21<sup>st</sup> century skills to a new generation of learner. Are your classrooms ready to handle the task? Are you teachers comfortable bringing the world to their students through technology? Consider this package for those that are comfortable with technology and those that are dubious.

➤ **Summer Boot Camp Package**

Summer is a great time to gear up for the new school year. Interested in a Summer Boot Camp that can be tailored to address technology, STEM/STEAM, improved instruction, the standards, PARCC, or a combination of foci? We can customize a Summer Boot Camp package that addresses your priorities for the upcoming school year!
